Experience

Front-end Developer

Your Next Concepts | Utrecht

Feb 2023 - Jul 2023 - [Internship](#)

During my internship I worked on a Proof of Concept on implementing a functional planner, enabling users to plan their own study path. This was achieved by implementing fun and engaging features like drag & drop. This achieved fully interactive system.

Unity Developer

Provincie Utrecht | Utrecht

Feb 2022 - Jul 2022 - [Internship](#)

During my internship I worked on a Unity Solution for a 3D projection of Utrecht, where different forms of analytics could be executed on the 3D environment of Utrecht.

Software Developer

Netbasics B.V. | Barneveld

Sep 2021 - Feb 2022 - [Internship](#)

Feb 2022 - Feb 2023 - [Developer](#)

During my time at Netbasics I've worked on a solution for implementing Vue.js in a monolithic application. I've also created a standalone mobile app for the application using Ionic and Vue.js
